mastanilewicz@gmail.com

My main experience is in pre-preg composite laminating including carbon fiber and fiberglass, vacuum bagging, autoclave, press, trimming, small repairs. I am creative person with good esthetic sense. I think that makes me good laminator as I really care about details. I'm motivated and I want to develop my skills in your company.

- ✓ Read engineer drawing's and layup manuals
- ✓ Fast learner
- ✓ Multitasking
- ✓ Capable manually
- ✓ Computer Skill's
- ✓ Team player

Courses:

Work experience:

Arrival

Composite Technician R&D department 02.2021 –10.2021

As part of research and development department on daily basics I was making trial parts with PPGF (mix of plastic and glass fibre).

Also I was preparing carbon mould's (testing different realeses and sealers). Every trial part was reported in system with details what step's was taken.

Penso

Composite Technician 02.2020 – 02.2021

I worked on all projects in the company as composite technician in pre-preg carbon. On daily basics I was laminating, bagging and vacuum sealing and sometime when needed I worked in trimming section and doing small repairs. When new night team was created I was responsible to train them for few weeks. In Penso we were using press to cure part also as oven, I have experience with both.

I worked on:

- Acro Airline seats
- AMG Mercedes GTR Black Series
- ASDA vans
- AO vans

Amtico

Calendar machine operator 11.2016 – 09.2019

- Preparing material from basic ingrindient's like powders, scrap material, oils,
- Strictly followed recipie's,
- Working with explosive, toxic and hot material's, (required special PPE)
- Quality control using precision measuring tools.

Gloucester Services
